Subject: **Extension of validity of STCW certificates of Filipino seafarers currently onboard seagoing ships amid challenges caused by COVID-19**

Your **Excellency**:

The Maritime Industry Authority (MARINA) of the Republic of the Philippines intends to convey the following information to member States of the International Maritime Organization (IMO), Port State control authorities, and other parties concerned:

1. The MARINA takes cognizance of the serious impact of the spread of Coronavirus Disease 2019 (COVID-19) to the international shipping community and the whole world, prompting nations to take decisive actions to arrest the spread of the virus and mitigate its impact to human lives.
2. Such actions resulted in the imposition of travel bans, closure of ports and denied entry of ships as well as transit and transfer of seafarers for the purpose of disembarkation, repatriation, joining the ship and crew substitution. Corollary, Maritime Administrations like the MARINA are facing serious challenge in the facilitation and continuance of activities pertaining to seafarers' education and training, certification including medical certification, endorsement and revalidation of certificates in accordance with the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers (STCW Convention), 1978, as amended.
3. In view of the foregoing, and taking a pragmatic and practical approach in response to the aforesaid challenges confronting Maritime Administrations and the affected seafarers, ships and companies, the MARINA has decided to declare automatic extension of the validity of STCW certificates it had issued to Filipino seafarers, which are due for revalidation and have expired or about to expire during the period 13 March 2020 to 13 April 2020, for two (2) months from the date of expiry of the certificate concerned.

4. All ships and companies concerned are hereby advised to coordinate and make necessary arrangement with their respective Flag Administration for the extension of validity of the corresponding endorsement attesting recognition of the Filipino seafarers' STCW certificate or for the issuance of equivalent declaration of extension, as herein stated.
5. Companies should direct Master of their ships to advise Filipino seafarers onboard, holding STCW certificate mentioned in paragraph 3, to present the copy of this communication to Port State control authorities and all other ship inspectors/auditors as evidence of validity of their STCW certificates
6. Port State control authorities and all other ship inspectors/auditors should accept the copy of this communication disseminated by the IMO Secretary-General as evidence of extension of validity of the Filipino seafarers' STCW certificates mentioned in item number 3 above.

In this regard, this Maritime Administration respectfully requests His Excellency's kind assistance to bring the contents of this communication to the attention of all concerned, especially the IMO member States and Port State Control authorities.

Accept, Your Excellency, our assurance that the Republic of the Philippines through the MARINA is with you and the IMO in "our voyage together" in these unusual times.

With our highest esteem and warmest regards.

Very truly yours,

VADM ROBERT A EMPEDRAD AFP (Ret)

COVID-19

Информационное письмо

В связи с объявлением Всемирной организацией здравоохранения (ВОЗ) пандемии коронавируса COVID-19, сложной эпидемиологической ситуацией в различных регионах мира, в целях защиты здоровья членов экипажей судов и работников морской отрасли, обеспечения бесперебойной работы судов под Государственным флагом Российской Федерации настоящим Морская администрация Российской Федерации (далее – Администрация) устанавливает следующие меры в случае, если срок действия судовых конвенционных документов, документов членов экипажей судов и трудовых договоров членов экипажей судов истек или истекает до 20 июня 2020 г.

Данные меры применяются исключительно для случаев **форс-мажора**, когда невозможно или затруднено проведение освидетельствований или проверок судна в порту, осуществление смены членов экипажа, ввиду нахождения судна в порту государства, где в связи с неблагоприятной эпидемиологической обстановкой, обусловленной COVID-19, имеются ограничения по сходу на берег, посадке на судно, перемещению по территории государства.

Квалификационные документы членов экипажей

В случае невозможности, в связи с ограничениями, обусловленными COVID-19, продлить в установленном порядке профессиональные дипломы, выданные Администрацией, а также подтверждения о признании дипломов, выданных иностранным государством, квалификационные свидетельства, подтверждения к дипломам для работы на танкерах (нефтяных, газовозах, химовозах), свидетельства о квалификации судовых поваров и иные квалификационные документы, требуемые в соответствии с Международной конвенцией о подготовке и дипломировании моряков и несении вахты 1978 года с поправками (ПДНВ), срок действия таких документов продлевается на срок до трех (3) месяцев.

Медицинские свидетельства

В случае, если срок действия медицинского свидетельства моряка истекает и отсутствует возможность в связи с ограничениями, обусловленными COVID-19, провести медицинское освидетельствование и возобновить действие свидетельства в порту захода судна, медицинские свидетельства продлеваются на срок до трех (3) месяцев с даты истечения, в соответствии с правилом 1.2 Конвенции о труде в морском судоходстве 2006 года с поправками (КТМС-2006).

Продолжительность работы на судах

В тех случаях, когда смена экипажа не может быть осуществлена в пределах установленной максимальной продолжительности работы членов экипажа судна в связи с ограничениями, обусловленными COVID-19, продолжительность работы, как это определено в трудовом договоре, может быть продлена на срок до трех (3) месяцев, при условии согласия члена экипажа и обеспечения права на оплачиваемый отпуск и на надлежащую репатриацию в соответствии с требованиями Правил 2.4 и 2.5 КТМС-2006.

Конвенционные судовые документы, периодические освидетельствования и проверки

В случае невозможности провести освидетельствование или проверку судна в связи с ограничениями, обусловленными COVID-19, судовладельцам судов под Государственным флагом Российской Федерации следует обращаться в признанные организации, которые уполномочены в каждом конкретном случае, без дополнительного согласования с Администрацией, продлевать срок действия конвенционных свидетельств, срок проведения плановых освидетельствований и проверок на срок до трех (3) месяцев.
